For a price I'd do anything  
Except pull the trigger  
For that I need a pretty good cause  
Then I heard of Dr. X  
The man with the cure  
Just watch the television  
You'll see there's something going on

Got no love for politicians  
Or that crazy scene in D.C  
It's just a power mad town  
But the time is ripe for changes  
There's a growing feeling  
That taking a chance  
On a new kind of vision is due

I used to trust the media  
To tell me the truth, tell us the truth  
But now I've seen the payoffs  
Everywhere I look  
Who do you trust when everyone's a crook?

Revolution calling  
Revolution calling  
Revolution calling you  
Revolution calling  
Revolution calling  
Gotta make a change  
Gotta push, gotta push it on through

I'm tired of all this bullshit  
They keep selling me on TV  
About the communist plan  
And all the shady preachers  
Begging for my cash  
Swiss bank accounts while giving their  
Secretaries the slam

They're all in Penthouse now  
Or Playboy Magazine  
Million dollar stories to tell  
I guess Warhol wasn't wrong

Fame fifteen minutes long  
Everyone's using everybody  
Making the sale

I used to think  
That only America's way, way was right  
But now the holy dollar rules everybody's lives  
Gotta make a million doesn't matter who dies

Revolution calling  
Revolution calling  
Revolution calling you  
Revolution calling  
Revolution calling  
Gotta make a change  
Gotta push, gotta push it on through

I used to trust the media  
To tell me the truth, tell us the truth  
But now I've seen the payoffs  
Everywhere I look  
Who do you trust when everyone's a crook?

Revolution calling  
Revolution calling  
Revolution calling you  
Revolution calling  
Revolution calling  
Gotta make a change  
Gotta push, gotta push it on through
