Just give me one more reason to make me feel alone
I'm searching like a pirate the reason you're gone
So tell me that you love me before you drive me mad
And tell me little baby if your feelings are right
I need your lo-o-o-o-o-o-o-o-ove
I need your lo-o-o-o-o-o-o-o-ove

I love, i love love love
I love, i love, i love love love
I love, i love, i love love love

So stay a little closer i need to hear your breath
I'm never flawless for the way you make me feel
Now i'm going crazy thinking of you
I know i couldn't see it i was just a fool
I need your lo-o-o-o-o-o-o-o-ove
I need your lo-o-o-o-o-o-o-o-ove

I need your lo-o-o-o-o-o-o-o-ove
I need your lo-o-o-o-o-o-o-o-ove

I love, i love love love
I love, i love, i love love love
I love, i love, i love love love

I love love love love...
