We see you with your ponytail and flannel 'round your waist

Sideburns, goatees and pimples on your face

According to Spin magazine, you're so cool and hip

Do us all a favor, lose the hoop from the lip

You're so sad, you're so bad

You're so sad, you're so bad

CHORUS:

Drop the attitude fucker

Drop the attitude dude

Drop the attitude fucker

Fucker, drop the attitude

(2x)

You think with your antics your parents are in shock

But you look like Bozo in your bright red Docs

But you'll never be as famous as us

You're so sad, you're so bad

You're so sad, you're so bad

CHORUS (3x
