I didn't know my name - my girlfriend is a pain

My mom and dad they really freak me out

I'm really fucking tired - why am I alive?

Mom and Dad they always scream and shout

I was a high school psychopath - part two

High school psychopath - fuck you

High school psychopath - like you

High school psychopath - GO

School's so fucking lame - there's rats inside my brain

My mom and dad they really freak me out

I'm really fucking tired - why am I alive?

Mom and Dad they always scream and shout

I was a high school psychopath - part two

High school psychopath - fuck you

High school psychopath - like you

High school psychopath - GO

I'm all alone - it's just me

I want no part of LSD

Your ruffled hippy vest looks great

But it's no longer '68

Cut your hair you goddamned fool

Please understand that I hate you

Jump off a bridge - please us all

They'll really miss you at the mall

There's something crazy in my head

All I wanna do is cry - I can't figure out just why

All I wanna do is cry - but I'd rather see you DIE!

High school psychopath (6x
