I'm sick of being pushed around and misunderstood

Explain myself the best I can but it doesn't do any good

I wish Joey was president, oh what can I say

And everybody got to surf like Californ-i-a

And now I wanna kill someone and now I wanna die

But I think that I'll just sit in my room and cry

I wish Joey was president, oh what can I say

And everybody got to surf like Californ-i-a

CHORUS:

Oh I live this life - and I love it

Oh I live this life - and I love it

Oh I live this life - and I love it

Oh I live this life

You know that I really hate you

And all the fucked-up things that you do

I'm doing okay, so listen to what I say

HEY!

CHORUS (2x
