I started out by sniffing glue
Killing brain cells one by one's so cool
Pissing off my mom, acting really dumb
When you get down to it, having lots of fun
What the hell is wrong with getting high
won't you tell me why, oh why, oh why
I'm really in the soup, they want me in group
And whne they do I'll throw them for a loop
Next stop: Rehab - Nest stop: Rehab
Next stop: Rehabilitation - can't wait
Next stop: Rehab - Nest stop: Rehab
Next stop: Rehabilitation
Can't wait - YEAH
