Sayonara sucker, get lost and get outta town
Sayonara sucker, well I don't need you around
'Cause you know everybody thinks that you're such a
drag
And half your brain's all alone in your head
Face it you're fucked
You've got a big old mouth
I wanna stomp your face with my Keds

Sayonara sucker - [x4]

Sayonara sucker, your girlfriend's just a dumb bitch

Sayonara sucker, I hope she gives you the slip
'Cause you know everybody thinks that you're such a
drag
and half your brain's all alone in your head
Face it you're fucked
You've got a big old mouth
I wanna stomp your face with my Keds

Sayonara sucker - [x4]
