My folks had me committed just two weeks ago  
My best friend ran off with my girl - those two damn  
bozos  
Oh and don't you know it hurts  
But hey she ain't the first  
She ain't the first  
I was a teenage bonehead - Yes it's true  
I was a teenage bonehead - A-wah-hoo-oo  
I was a teenage bonehead just because of you  
My parents kicked me out, now I sit here wondering  
My girlfriend sent me a postcard saying "Glad that  
you're not here"  
Oh and don't you know it hurts  
But hey she ain't the first  
She ain't the first  
CHORUS  
She never said goodbye to me  
Now I sit here wondering  
Where she is and what she's eating  
Oh and don't you know it hurts  
But hey she ain't the first  
She ain't the first  
CHORUS
