I'm so shilly shally  
baby  
'bout you tonight.  
Watching everything on telly where you were tonight.  
I'm so shilly shally  
baby  
'bout you tonight.  
Is it me or is it Sally you love  
love tonight  
tonight?

I'm so shilly shally  
baby  
'bout you tonight.  
And I'm waiting for your telephone call all the night.  
Well  
I'm so shilly shally  
baby  
'bout you tonight.  
But it's Sally or it's Nelly you love  
love tonight

tonight  
tonight  
tonight.

Let's dance tonight  
let's dance tonight  
let's dance tonight

Let's dance tonight  
let's dance tonight  
let's dance tonight

Let's dance tonight  
let's dance tonight.

I'm so shilly shilly shally no more  
my love.  
Now I'm tired of watching telly all night  
'cause I've got enough.

No more shilly shilly shally and that's alright.  
There's another pretty fellow I need tonight

tonight  
tonight  
tonight.

It's movie time on my T.V. - let's dance tonight.  
He holds her tight as I can see - let's dance tonight.  
Sweet lovers talk by candlelight - let's dance tonight.  
I beg you please  
let's dance tonight -  
let's dance tonight.  
Let's dance tonight  
let's dance tonight

let's dance tonight  
...
