Anytime now  
You will see me  
I'm trembling when you smile  
And pick me up right off the floor  
I hope so

How could you know?  
Let me see your eyes  
It's been awhile  
Should i  
Act surprised

How could I come  
'till I'm at your house  
Too honest for this

Will you dare light me more than  
Sunlight ever could

Anytime now  
Pick me up right off the floor  
I hope so  
I hope so

\*\*\* thanx a lot to amanda for this one \*\*\*

Fort

Here's only so much more  
The day is full  
To reach  
Understanding  
And all at once I knew  
I fan the truth over to you

Excused  
Your flame  
Sold us  
I look away ( ? )  
There's only so much more  
There's only so much more

Hey lonely  
Still looking for perfection  
Bleed and hold it  
Miss the moment

When there's only so much more  
Discover it all  
All wonders be like you do

Simply comply  
With the restlessness I hurt  
Takes hold  
A touch, a sigh with

Hey, lonely  
Still looking for perfection  
Bleed and hold it  
Miss the moment

There's only so much more  
There's only so much more  
You'll find in me  
Gave everything

Maybe you will  
But maybe you won't  
The impossible thrill  
That lives only once  
I rest my case  
My weary face  
Grey is sad ( ? )
