"Days Remembered, Most Forgotten"

Perfect days turn to clouds and rain and everything that was bright has turned to gray. So just incase you didn't know that I'm still locked on you. My eyes are still locked on you. And what a time for you to runaway. You were happy when things seemed to go your way. So what a time for you to runaway. The miles keep adding up as the days count down. These autumn days aren't the same without you. And everytime I see you I am burning up inside, because everytime I am building up with lies. I'll mistake your words for something that you would never say. You've been blessed to make the best day burn to flames. So just incase you didn't know that I'm still locked on you. My eyes are still locked on you.
