### "Seek Justice"

There she goes again taken by another man  
Whom she doesn't know. Whom she doesn't even love  
Forced to give pleasure of sin  
How many times does a soul have to die

She deserves another chance  
She deserves another life  
Can we give her this chance?  
Can we give her this life?  
Can we all SEEK JUSTICE

Many deserve another chance  
Many deserve another life  
They deserve another chance  
They deserve another life

Can we give them this chance  
Can we give them this life  
SEEK JUSTICE
