[Left]

Yeah, we just takin a break before the next song comes
in
I hope yall appreciatin what your gettin to hear right
now
I hope ya appreciatin what your listenin to
This shit here is Frontline music
Lets go..

[Locksmith]

Yo, Yeah we got a story to tell
Now I ain't had the best life
But I damn sure ain't have the worse one
Imma let ya niggas know like this

I don't consider myself a self centered selfish person
at all
But sometimes the streets bring out the worse in us all
Sometimes a nigga scream out and curse at the wall
I am not numb to pain it still hurts when I fall
I am not one to blame for other persons involve
I cannot stop another niggas urges to fall
I can just jot what I see through verses for yall
And paint a picture of the drug deals murders and
brawl
See the neighborhood I grew up in the streets would
chew up men
Swallow up goals and spew up flin
Inhale cough up souls and spew up sin
And regurgitate the fate of niggas losin they kin
Simpathetic not the least bit
Atleast with the consumption of sellin dope
You could float off the street shit
Still gotta eat shit
Whether it's right or it's wrong
It all depends on who you talk to or spit shit

[Chorus]

Life'll treat you cold through times
I don't know about yours but I love mines
I'm still livin

I got my niggas in the pin
And they say the same thing when I holla at em
I'm still livin
Sometimes I wanna act a fool
But it's harder cause I love my little daughter and
I'm still livin
And if they come no regrets
Understand i'm a man not a stone pegion
I'm still livin

[Left]

Now read the coke lines of crack cripes
The dope feins is stealin ya bikes
Buddy thats apart of my life
Watchin ya moms and pops toe to toe and then fight
Over some bullshit like cigerats with no regrets
Grandmother raised me my niggas make it connect
You know the situation when you in that situation
Where you can't sleep good cause you know that the
dreams you facin
Are nothin but nightmares of your real life situations
Got my patience right before I still love em
Raised apart from my brothers but dogg I still love em
But I was raised with my aunts, uncles, and little
cousins
I call my grandmother "mama" and my mama "mama"
My uncles my brother my aunt is my sister
But my uncles in the pin and godammit I miss him
And these mishaps has forced my family out of
tradition
The come and cry and my nigga now

[Chorus]

Life'll treat you cold through times
I don't know about yours but I love mines
I'm still livin
I got my niggas in the pin
And they say the same thing when I holla at em
I'm still livin
Sometimes I wanna act a fool
But it's harder cause I love my little daughter and
I'm still livin
And if they come no regrets
Understand i'm a man not a stone pegion
I'm still livin

[Left]

Oh beautiful for spacious skies
Tell me why have you lied
And raped my woman strippin them of they pride
Probably laughed when my mama would cry

Cause she was out there
Stugglin on welfare and health care to get by
Probably took the shit as a joke
When you pepper sprayed my father in his face
And then choked him until his throat broke
Or when you hung my granddaddy from trees with a
rope
And took pictures all laughin like look at this dead
nigga

[Locksmith]

Yeah, Yo, Bullet holes in my neighbors kitchen
Prayin for wisdom the way the cards was delt
It felt cursed if you came from Richmond
The same affliction that every nigga was given
Drugs and television winned up in hell or prison
Still we had to move so we moved cause my mama was
stressed
She didn't wanna see me stuck in that mess
She didn't wanna see a little boy gaspin for breath
Cause some jealous motherfucker thought my jacket
was fresh

[Chorus]

Life'll treat you cold through times
I don't know about yours but I love mines
I'm still livin
I got my niggas in the pin
And they say the same thing when I holla at em
I'm still livin
Sometimes I wanna act a fool
But it's harder cause I love my little daughter and
I'm still livin
And if they come no regrets
Understand i'm a man not a stone pegion
I'm still livin
