I'm fucking choice

Go tell your boys  
I'm just too choice  
Go tell your boys  
I'm fucking choice

Fuck what you heard  
Frontline hit you off right now with something absurd  
Got you huffing puffing trying to come up with words  
(De)scribing how my rhyming is like nothing you've heard  
Got you changing your faith in your favourite act (wow)  
Used to love him, now you hate him saying he's wack  
Cause you heard the way I lay the flames on the track  
Got you turning traitor same way Jay did to Dash  
Used to doubt but now we out you say we're the best  
Since you sold a video, get played on Select  
Had a picket up your ass, you stayed on the fence  
Now you running round here like you made us the shit  
BITCH!  
You the sort that we was talking bout on Get Back (get back)  
I could stop your breath just like an asthma attack  
And PNC would rock a shot, I'd let him attack  
Leave you like that in the hospital crack  
Mother fucker get back
