I'm on the inside  
I'm on your side  
And each thought stings  
I can't think straight

It's overflowing  
It's overflowing  
It's coming down

It's overflowing  
I'm sinking  
It's overflowing

It's some savior  
You fall into  
And each love stings  
I can't think straight

It's overflowing  
It's overflowing  
It's coming down

It's overflowing  
I'm sinking  
It's overflowing  
It's coming down

It's overflowing  
I'm sinking  
It's overflowing  
It's coming down
