I'm on the inside
I'm on your side
And each thought stings
I can't think straight

It's overflowing
It's overflowing
It's coming down

It's overflowing
I'm sinking
It's overflowing

It's some savior
You fall into
And each love stings
I can't think straight

It's overflowing
It's overflowing
It's coming down

It's overflowing
I'm sinking
It's overflowing
It's coming down

It's overflowing
I'm sinking
It's overflowing
It's coming down
