Love
Love is all around me everywhere
Love has come to touch my soul
With someone who really cares
No one can denounce
People who once passed me by
Just turn their heads 'round
I'm happy just to be with you
And lovin' you the way I do
'Cause everything I need to know
Just resting in the afterglow of your love
You have always been
A feeling deep inside
A feeling that I could not see or touch or try to hide
My love is deep and drowns you
I bless the day that I found you
So listen baby
I'm happy just to be with you
And lovin' you the way I do
'Cause everything I need to know
Just resting in the afterglow of your love
Love is like a voice in my head
Keeps turning 'round the things that I'm saying
I'm happy just to be with you
And lovin' you the way I do
'Cause everything I need to know
Just resting in the afterglow of your love
I'm happy just to be with you
And lovin' you the way I do
'Cause everything I need to know
Just resting in the afterglow of your love
I'm happy just to be with you
And lovin' you the way I do
'Cause everything I need to know
Just resting in the afterglow of your love
