(Crazy Laughter)

When walking between the lines and the squares,
Be careful that you don't step on the bears.

(snorting)

There are bears on the stairs, often in pairs,
And their very hard to get along with.

(sniff, Sniff Sniff)

There are bears in the gutter, so be careful not to utter,
A sound that will disturb.

(burp)

There's something about honey, makes a bear kinda
funny,
especially when it's time to eat.

(Sniffs.... SHHHH.....

There's a bear

(crazy Laughter)
