Start something simple so sanely still so sunken
sorrows start anew
Start something simple so sickly still so sunken sorrows
start anew

Goddamn this sinking feeling
It tastes like a bullet through the back of my skull
All of your inhibitions,
Just words on the ceiling of a mouth so full

Some kind of intermission
who would have known you'd help, pass the time so
well!

Like thieves we remain unseen
Hiding away from the enemies to be
Sketching pictures of the friends we need
Like thieves we remain unseen

Forfeit things you love, sentiment is useless
A tasteful sense of psalms won't change the heartless
The pain that hunts to kill cannot break my strength nor
will
Notorious for crafting sin their victims turn to kin

Like thieves we remain unseen
Hiding away from the enemies to be
Sketching pictures of the friends we need
Like thieves we remain unseen

So take me to the crevasse at the end of the earth
We will hold it together, we will hold it together

We! Will! Hold! It! Together!
We! Will! Hold! It! Together!

Like thieves we remain unseen
Hiding away from the enemies to be
Sketching pictures of the friends we need
Like thieves we remain unseen

Start something simple so sickly still so sunken sorrows
start anew.
