Undoubtedly a Grand Exit 3:35

Verse 1

Help me, my head is spinning
Straight Lines, not my best option
Tongue tied, my words void of sense
Fuck me, am I seeing double?

Chorus

Cause tonight we are the Undead
And we won't sleep till we're fed

Verse 2

Nonsense, I'm perfectly fine
Watch this, I stumble straight lines
Girls have, never looked so gorgeous
This floor, now my new best friend

Breakdown

Now it's this, our night to fall and stutter
Our words will likely inspire or shatter
As our friends wreak havoc on those who matter
We'll drink and drink until we raise the ladder

Interlude

Cause tonight we are the Undead
And we won't sleep till we're fed

Chorus/Outro

Cause tonight we are the Undead
And we won't sleep till we're fed
Until our tongues are stained red
Cause tonight we are the Undead
