All this time  
I've waited for nothing  
All of the things I think I need  
Never make me feel complete

Say what you thinking  
I'm only dreaming  
But the words that you're speaking  
Only break my heart

All this time  
I've waited for nothing (I've waited for nothing)  
When I could spend all this time  
Looking for something like our love (Looking for  
something like our love)

Baby, I'll keep a key over there  
Maybe I'm off and leave this town  
Maybe tomorrow I'll find someone that I'll love

Every night  
I sleep  
But I keep waking  
To the sounds  
That I hear  
Maybe you're finally coming home

To say what you thinking  
When I'm only dreaming  
But the words that you're speaking  
Only break my heart

All this time  
I've waited for nothing (I've waited for nothing)  
When I could spend all this time  
Looking for something like our love (Looking for  
something like our love)

Baby, I'll keep a key over there  
Maybe I'm off and leave this town  
Maybe it's better to just sit and wait

Maybe tomorrow, maybe tomorrow  
Maybe tomorrow I'll find someone that I'll love  
I'll find someone that I'll love  
I'll find someone that I'll love
