Back

Back on the block

Back

Back on the block

Back, on the block, so we can rock

With the soul, rhythm, blues, be bop and hip hop

Back on the block

Back on the block

[VERSE 1: Ice-T]

Ice-T, let me kick my credentials

A young player, bred in South Central

L.A., home of the bodybag

You wanna die, wear the wrong color rag

I used to walk in stores and yell: "Lay down!"

You flinch an inch - AK spray down

But I was lucky cause I never caught the hard time

I was blessed with the skill to bust a dope rhyme

All my homies died or caught the penzo

Lost their diamonds, cops towed their Benzos

Livin that life that we thought was it

Fast lanin, but the car flipped

I'm not gonna lie to ya, cause I don't lie

I just kick thick game, some people say: why?

Cause I'm back on the block, I got my life back

So I school the fools about the fast track

I get static from the style of my technique

Profanity, the blatant way in which I speak

But the Dude knows the streets ain't no kiddie game

You don't know the Dude? Quincy's his first name

He told me: "Ice, keep doin what you're doin, man

Don't give a damn if the squares don't understand

You let em tell you what to say and what to write

Your whole career'll be over by tomorrow night

Rap from your heart, and your heart's with the street

Rap on my record, man, Kimiko, send Ice the beat"

The Dude is def no doubt, what can I say?
The man can roll with Ice-T or Michael J
