(by Incubus)

You saw me lost and treading water
I looked pathetic
I looked as helpless as a stinger without a bee
But underneath my presentation
Yeah
I knew the walls were coming down
And the stones that fell were
Aiming away from me
Yeah

Chorus

Hey!
What would it mean to you?
(What would it means to you?)
to know that it'll come back around again
Hey!
Whatever it means to you
(Whatever it means to you)
Know that everything moves in circles

I saw you standing in my headlights (headlights)
Blink. Blink. Blink.
I should have I'd run you down
For the weight you left on me.
Instead I pushed rewind
Reversed and drove away.
And seeing you disappear in my rearview
Brought to me the word 'Reciprocity!'

Chorus

Yeah, yeah yeah.

Round and round we go
Round and round we go
Who could've known it would end so well
We fall on and we fall off
Existential carousel

Chorus

Yeah

And everything moves in circles
Round and round and
Round and round and
Round and round and
Round and round and
Round
