Make believe
If you're sick of everything
All the time before us
Doesn't taint my memory

When the walls they put around us
Can't stop what we believe
When the love we share forgets us
This dream will set us free

(So please don't tell me)
Deliver me, deliver me
(So please don't tell me)
If it's up to me, if it's up to me
I've had it once and now I want it again
(I've had it once and now I want it again)
I've had it once and now I want it again
(I've had it once and now I want it again)

When the walls they put around us
Can't stop what we believe
When the love we share forgets us
This dream will set us free

(So please don't tell me)
Deliver me, deliver me
(So please don't tell me)
If it's up to me, if it's up to me
I've had it once and now I want it again
(I've had it once and now I want it again)
I've had it once and now I want it again
(I've had it once and now I want it again)

When the walls they put around us
Can't stop what we believe
When the love we share forgets us
This dream will set us free

(So please don't tell me)
Deliver me, deliver me
(So please don't tell me)
If it's up to me, if it's up to me

I've had it once and now I want it again
(I've had it once and now I want it again)
I've had it once and now I want it again
(I've had it once and now I want it again)
