Quincy Jones featuring Ray Charles & Chaka Khan

I want to know, baby  
Just how you feel, girl  
Said I want to know  
If what you feel is real

Cause there's a reason  
For the things that I say  
And, oh, I want to love you, girl  
In a special way  
Come here, woman

We've been together  
For so very long  
I'd hate to break up  
Break up our happy home

The way we stand and the way we lie  
The way we love and the way we cry  
Of all these things there lies a tie  
Makes me feel that it's worth a try

I'll be good to you

(CHORUS)

I'll be good to you  
Good to you, good to you  
I'll be good to you  
Good to you, good to you  
I'll be good to you  
Good to you, good to you  
I'll be good to you, good to you

Girl, we've been  
Together so very long  
I would hate to break up  
Break up my happy home  
(Let me take off your shoes)

Take a stand now

And let me know how  
All of your ways, baby, baby  
And all your know hows

The way we stand and the way we lie  
The way we love and the way we cry  
Of all these things there lies a tie  
Makes me feel that it's worth a try

(CHORUS) 2X

Girl, I'll be good to you, baby  
You know I'll be good to you  
Take you shopping  
You know what I mean, baby

Anything you want, I'll be good to you  
I'll give it up, with my credit cards  
Like Visa, MasterCard  
American Express  
Turn my pants upside down  
Any day of the week

Oh, oh, you, you, you  
Come here, give me love  
Talk to me

(Good to you, good to you, good to you)  
Girl I'll be good to you  
(Good to you, good to you, good to you)  
(I'll be good to you, good to you  
(Good to you) I'll be good to you  
(I'll be good to you, I'll be good to you)

I'll be good to you,  
Said I will, I ain't lying, baby

(Good to you  
Good to you, good to you)  
I'll be good to you  
(I'll be good to you  
I'll be good to you, good to you)

Girl, I'll be good to you  
(I'll be good to you)  
(Good to you, good to you)  
I'll be good to you  
I'll be good to you, I said I will  
I ain't lying, baby

Good to you, good to you...
