Best of luck to you my friend
'Cause I know I'm not giving in
Although I never thought
These words would come back to me
I've always wanted my choices
To be obvious

Just let me go in
Without your love
And let me begin
To find in us
A love that could find another way
In you somehow

I've talked to her a thousand times before
But this time she fell to pieces
But I won't insist upon telling the truth
I've always thought guys like me
Would be obvious

Just let me go in
Without your love
And let me begin
To find in us
A love that could find another way
And when we could find apologies

But it's all turn
And it's all ilaid out
So I hope for her she doesn't find out the truth
'Cause this is what I could do
Right now
This is the part where you surrender
These are the things that I remember
I've wanted to tell you the truth
But I can't right now

Just let me go in
Without your love
And let me begin
To find in us
Just let me go in

Without your love
And let me begin
To find in us
A love that could find another way
In you somehow
