Girl, I really think that you are hot  
And I know that it might not mean a lot  
Coming from a guy like me  
Who's in the band that played this party

Oh girl, I hope you understand  
Just for the night I wanna be your man  
So let's close your tab, hail a cab  
Take my hand I just

Wanna take you home  
Cuz I'm easy  
And I'm sleazy  
Wanna catch you all alone  
Yet you don't know me  
But it's only  
Tonight

I see you're looking at that other guy  
He's married, got two kinds and a second wife  
Hey, let's get the story back to me  
I've got no ring, no alimony

Oh gi-irl, I didn't mean to come off rude  
Just wanna spend the rest of my night against you  
(what?)  
Did I offend you?  
Well I'm sorry, but I intend to

I wanna take you home  
Cuz I'm easy  
And I'm sleazy  
Wanna catch you all alone  
Yet you don't know me  
But it's only  
Tonight

Please, baby, please  
On my hands, on our knees  
I don't beg  
This is new

I just had to be with you  
I'll say anything to get myself in such a beeed  
Impressed yet? No?!  
Well then, guitar solo

I wanna take you home  
Catch you all alone oh oh oh

I wanna take you home  
Cuz I'm easy  
And I'm sleazy  
Wanna catch you all alone  
Yet you don't know me  
But it's only  
Tonight

I wanna take you home  
Cuz I'm easy  
And I'm sleazy  
Wanna catch you all alone  
Yet you don't know me  
But it's only  
Tonight

So, no? Okay  
I'm just gonna leave
