Good morning, my special girl  
I need to hear your voice, I need to hear your voice  
There's something about your kiss  
Some things never change, like I love you more than  
life  
Just looking at your picture, and I miss you so much  
I miss you

CHORUS: (x2)  
Just out for a walk around town with a friend  
I'd much rather be snuggled up in bed  
Kissin' you lots  
I'm thinking of you and I love you millions  
\*But I wanna come home\* (2nd time only)

To the world, you might be one person  
But, to one person, you might mean the world

CHORUS (x2)

And I love you, I swear I still do  
And I'm never ever gonna leave you  
You're my baby, you're my angel  
My one and only  
And I knew from day one that  
You could be my soul mate

I wanna come home, please let me come home  
I'm thinking of you and I love you millions

CHORUS (x2)
