Hello , I swear wont be to long
Hello, I promise I will be real strong
Wait off I just wanna tell you
Hold up, why are you still here.

I've been dirtier than you wanna know
I've left earlier than you'll ever know

Why do you wanna be all listenin' to me
Why do you spread your arms and tell me I'm free
Why do you wanna be in my life
In my life

I've been dirtier than you wanna know
I've left earlier than you'll ever know

Jesus, Jesus, theres something about your name.
Master, Savior, Jesus

I've been dirtier than you wanna know
I've left earlier than you'll ever know

Jesus, Jesus.
