If my faults are your song
Then i will not be content to sing along
If I'm the one that's got you so out of touch
The why don't you just go ahead and..
Why don't you just go ahead and

Blame is on this southern weather
Blame it on anything
I's not like you ask small favors
But you can blame me for everything

If I'm the cause of all your sickness
and pain
Then I'll bury my face in all of the
dirty shame...
If this is just what's getting you so out
of touch
Then why don't you just go ahead and
Why don't you just go ahead and

Blame is on this southern weather
Blame it on anything
I's not like you ask small favors
You can blame me for everything

This id my last plan to bury all of
your charm
This is my final rush to reach for you

Blame it on this southern weather
Blame it on anything
It's not like you ask small favors
You can blame me for everything
