Coppin' coppin' coppin'

Hey, I'm like a dog in heat  
On the road and losing sleep  
I'll meet a pretty maid uptown  
Been down every street

So I dropped into the local bar  
Met me a girl from Kentucky  
When she looked into my eyes  
I knew I'd get lucky, hey

Maybe I'll pass for 21  
My love you're 16  
The sight of you will blow my bed  
Forbidden fruit tempting me  
Got to get closer to you

Time to make my move  
Buy you a drink  
And feel it out  
What've I got to lose

But I could tell  
When she took the bait  
Tonight I got it made  
She's everything I fantasize  
And nothing more to say

Tonight I'm coppin' a feel  
She's forbidden fruit  
You can't buy or steal  
I'll be coppin' a feel tonight  
And I really don't give a damn  
If I pay the price, no

Ba-ba-ba-baby  
I feel the adrenaline  
Yeah, you got my hunger pain  
I wonder what you're thinkin'  
Now I'm fast again

You're everything I wanted  
More than I bargained for  
So once you pull the trigger on my gun  
I'm comin' back for more

I could tell  
When she took the bait  
Tonight I got it made  
She's everything I fantasize  
And there's nothing more to say

Tonight I'm coppin' a feel  
She's forbidden fruit  
You can't buy or steal  
I'll be coppin' a feel tonight  
And I really don't give a damn  
If I pay the price  
Tonight tonight  
I'm coppin' a feel  
Around about midnight  
I'm gettin' real

I can tell  
When she took the bait  
Tonight I had it made  
She's everything I fantasize  
And there's nothing more to say

Tonight I'm coppin' a feel  
She's forbidden fruit  
I can't buy or steal  
I'll be copin' coppin' coppin'  
A feel tonight  
And I don't give a damn  
If I pay the price  
Tonight tonight  
I'm coppin' a feel  
She's forbidden fruit  
You can't buy or steal

Tonight  
I don't give a damn  
I'll pay the price  
Oh
