[Verse 1:]

You got a laundry list of today's complaints  
you think you're a superstar who's shit don't stank  
You're a nothing wrapped up in a something's clothes  
You're the kinda person I don't want to know  
I don't hear you- please shut up  
I don't see you- cause you're too tough

[Chorus:]

All the things I do they make you crazy  
You always say I'm useless and I'm lazy  
You moan and groan and bitch what does that prove?

[Verse 2:]

You can't sit still, you never act straight  
I get uncomfortable when I see your face  
Everybody's talking behind your back  
You're a three time loser into the cracks
