They grew up in the same old town
Never knowing the other was around
Read from the same damn books
But never caught each other's looks
But one day the sun will shine, I know
For their eyes have told me so
Chasing advice from those who say
I've lost my mind

[Chorus]

Rush together to find each other
No it's too late, you can never wait for luck
Together playing the same instrument
That you still can't hear at all

(At all, at all)

So that's how the story goes so far
I'll tell you the rest, but now
I'm tired of what I think
A situation where I can't sing
But I hate the vagrant life, I know
Nothing has been more sold, 'till now
Living my life after those who say
I've lost my mind

[Chorus]

So what do you say
What do you say
Can we turn this clock back thirteen years
And relate
I won't mind
Can we stay
But isn't it fate
Isn't it fate
That we spilled our guts out
On this very day
I don't mind
I want to
I want to
Rush together to find each other (stay)

No it's too late you can never wait for luck
Together playing the same instrument
Are you listening at all
Are you listening at all
