"B with you"

It's crazy but it's true
I only wanna be with you...
I'd like to thank you for the joy you brought into my life
I'd like to ask you if you could join me for a while
and if you do I'll finally make your wish come true
built you a castle made of confess
and chase away your bitterness
It's crazy but it's true
I only wanna be with you
I'd like to remind you of what we swore someday
no matter how far apart we would find a way
don't you forget about me cause everything has
changed
don't you regret our being in too deep cause your life's
new arranged
It's crazy...
