Baby be my love
Love love love
I just gotta tell her she's the one
Baby let's make love
Love love love
Love you in the middle of this club
Shawty got a mean ass walk
And a bad ass body
Please don't take this wrong but that ass is retarded
Yeah there's so many girls for me to choose
Don't really matter cause I'm only fucking with you
They stop and stare
And you love it
You flip your hair
Gotta love it
Girl everybody knows that you run it
That's no little girl right there, she's a woman

You bad you bad
You right you right
Yeah let's get up out of here so come on
I'll be your man your man
Tonight tonight
Why you doing what you doing
You wrong

Baby
Everybody's watching in amazement
She's a star yeah she's a crowd favourite
Took my heart right from me
I'm gone I'm gone
She's the baddest thing I've ever seen lately
And by far yeah she's the crowd favourite
Took my heart right from me
I'm gone I'm gone
Yeah

You fly as hell
And they hating
You been through hell
But you made it

Girl everybody knows that you run it
That's no little girl right there, she's a woman

You bad you bad
You right you right
Yeah let's get up out of here so come on
I'll be your man your man
Tonight tonight
Why you doing what you doing
You wrong

Baby
Everybody's watching in amazement
She's a star yeah she's a crowd favourite
Took my heart right from me
I'm gone I'm gone
She's the baddest thing I've ever seen lately
And by far yeah she's the crowd favourite
Took my heart right from me
I'm gone I'm gone
Yeah
