happened to the Brady Bunch

They didn't just go into syndication

as a side show geek, bites the heads off of chickens
while they squak and squeek, Jan found her self, now
shes a dyke shes got tatooz leather boots and a
motor bike

[Chorus]

Bobby was a minister on television
now he's facing life in prison, molested little kids and
he

street
corner maken me rich, evernight I stick my dick in her
face and tie her little blonde big tails around my waist
