Power destined to black souls
Infernal begins commanding sacrifice
Spreading death and chaos
Carrying the knowledge inheritance.
Follow the black light and keep secret
Free abyss legions.
Live in the shadows and be the winner
Don't forget the doctrine of the strong!

[Chorus]

Abyss legions, followers of the truth
Pour the blood through the battle fields
Spread plague across the world
Knowledge is the secret of victory!

Power destined to black souls
Infernal beigns commanding sacrifice
Spreading death and chaos
Carrying the Knowledge inheritance.
Follow the black light and keep secret
Free abyss legions!
