I don't know how it started,  
Thought you were just a friend,  
I wanna spend some time,  
Trying to pretend,  
There's nothing more to it,  
But it makes no sense,  
I'm in too deep,  
I don't know where this ends.

You're doing something to me now,  
If there's a button,  
You found it somehow,  
I'm going over and going round,  
All the way round,  
All the way round.

One touch, is enough for me,  
When you touch, it's like a mystery,  
And I know, everytime you do so,  
I go right up, right, right up.

Where does it go,  
Now that you know,  
Can we give it up,  
Come on just say yes,  
I don't want this to stop,  
Are you with me still,  
Just let me know you are,  
Cause if you feel like me,  
We're going real far.

You're doing something to me now,  
If there's a button,  
You found it somehow,  
I'm going over and going round,  
All the way round,  
All the way round.

One touch, is enough for me,  
When you touch, it's like a mystery,  
And I know, everytime you do so,

I go right up, right, right up.

You know I want to go now,  
And you know how.

(Round go now, go now)

You know I want to go now,  
And you know how.

(Go, go now, go now)

You know I want to go now,  
And you know how.

(Round go now, go now)

You know I want to go now,  
And you know how.

One touch, is enough for me,  
When you touch, it's like a mystery,  
And I know, everytime you do so,  
I go right up, right, right up.

I know, right up, right, right up,

I go, I go, right up, right, right up,

I go, I go, right up, right, right up,

I go, I go, right up, right, right up,

I know, everytime you do so, I go, i go, right up, right,  
right up,

I know, everytime you do so, I go, i go, right up, right,  
right up.
