You're living your way, I live mine  
I may be down and you are oh so high  
But in a while I'll sip your wine  
Then call me bitch until you die

Life's a bitch and then you die  
Your guardian angels crashed all from the sky  
There's nothing left, you can't deny  
Life's a bitch and then you die

You think you're free  
But there ain't no reason why  
You're just a fool chasing shadows all the time  
There's no escape, no matter how you try  
And after all you can't deny, life's a bitch...

Hey little girl, sweet thirteen  
What are you doin' on this nightlife scene  
Hey fat old daddy, you ain't doin' right  
Eat up your money and get out of sight

Life's a bitch and then you die  
Your guardian angels crashed all from the sky  
You're all alone, I see you stumble  
The spiders get you when the wall will crumble  
The wall will crumble..
