"Elevator"

time is fleeting, you can't stop time
hearts are beating, cause there ain't no time
dial that number
stories fly
see their faces, empty places
uh, elevator
time goes by
uh, generator
love flies by good-bye, good-bye
time is hurting, but it ain't a crime
someone's bleeding, all the time
too much tension in a second
just repeat it
cause i need it
uh, elevator, indicator
accelerator
uh, generator
turning on,
turning elevator on
