[Spoken: Yeah, it keeps messing up my lipstick  
\*Giggles\*]

My feet keep taking me to your street  
'Cause there's a chance I'll meet you  
That's what I want to do  
I keep looking for a chance  
A chance to steal a dance off you  
That's what I want to do

Come on, please take my hand  
I need somebody to understand  
I need somebody to show the way to go, go

I can't stand up  
I can't get down, down, get down, get down, go, go  
I can't stand up  
I can't get down, down, get down, get down, go

Unless I'm making a mistake  
We've got some loving to make  
Ooh, that's what I want to do  
My feet keep taking me to your street  
'Cause there's a chance I'll meet you  
That's what I want to do

Come on, please take my hand  
I need somebody to understand  
I need somebody to show the way to go, go

I can't stand up  
I can't get down, down, get down, get down, go, go  
I can't stand up  
I can't get down, down, get down, get down, go

When you come around, I fall to the floor  
I hammer on the door a million times or more  
When you come around (what do you do?)  
I hammer on the door a million times or more  
When you come around (what do you do?)  
I hammer on the door a million times or more

I can't stand up  
I can't get down, down, get down, get down, go, go  
I can't stand up  
I can't get down, down, get down, get down, ooh
