Say what's the matter with you
Knocking me out like you do
You're kicking me
Boy
You're kicking

It's like nothing seems to boom in
Your box baby
Nothing seems to boom in your box

I sit on fences with my
Defences and devices
The pressure rises
Baby tell me why's it so?

Say boy why did you do that?
Said boy why did you do that?

I won't hurt you girl
I won't hurt you girl

Can you fix this heart failure?
Can you fix this heart failure?
Cause if you can then I suggest
You come and
Do it do it

Ooops
Was it something I said?
No!
It's something with your head
You better get that checked
Better better get that checked

Straight up boy now
When you gonna get this straight?
Cause if you wait till late
I'll be gone away
