Little darling  
On the factory floor  
Sirens are wailing  
They are calling you like lovers  
They always want more

Department 27  
Deep down below  
You are piecing together  
The seeds of the world

Ashen roses  
Growing darkness  
Starving children  
Someday you stand up and dance

Glittering sunlight,  
Keep on shining  
And put them together  
The seeds of the world

Binding all the flowers of the world  
Start bursting into millions of colours  
Unfold all the flags of the nations  
Kiss me again, let the battle start

Little darling  
What have you done  
Hearts are breaking  
Live without ending,  
Numberless men

Never relaxing  
I have to see it all  
Fire, desert, cold and arid  
And all in a flash

Binding all the flowers of the world  
Start bursting into millions of colours  
Unfold all the flags of the nations  
Kiss me again, let the battle start
