World without a breeze  
Heartbeat of the heat above the harbour  
Lazy day lies dazed upon the shelf  
Atomic lizards lick at the blaze of a light that is forever  
No move in the solid skies  
No gleaming metal out of the breathtaking blue

My golden circus girls all sailed away  
The lion tamers are no longer due to play  
Whoever breaks the seven seals  
And lets the angry angels free  
I do not know  
Just waiting here  
For summer rain  
For summer rain  
Or anything else

Prophet hold your head up  
Into a cluster of bees and listen  
"love of my life  
Here is all our honey  
Yes, we can change the world, together"  
And if we're still invited to walk in this party  
I'd go for a saucerful of secrets or more  
But the last thing I heard of was that God had left the  
lines  
For a brand new universe  
He was supposed to say

My golden circus girls all sailed away  
The lion tamers are no longer due to play  
Whoever breaks the seven seals and lets the angry  
angels free  
I do not know  
Just waiting over there  
For summer rain  
For summer rain

What a glorious feeling  
I'm happy again  
Just cool rain
