It's written on the wall  
It's everywhere I go  
I've seen it on my TV  
Tell me don't you know  
It's got my body zoomin'  
Baby the box is boomin'

Everybody says that the Beat is  
Everybody, everybody, everybody  
But should we get it on

Do you wanna drop it?  
Do you wanna drop it?

Drop it!

I've heard the Beat is  
You wanna take a ride?  
Let's turn it up now  
Forget about the things we try to hide  
Go on and show it  
Go on and, go on and, go on and show me

Just move it on and on  
Don't hit the break  
No one's gonna stop  
The music that we make

But should we get it on?  
Go on and show me

Everybody says that the Beat is  
Everybody, everybody, everybody  
(Everybody everybody)

Go on and show me
