you carved the runes into my bones and signed them  
up for me  
i still don't know what's on your list and what's  
prepared for me  
you killed the fairies in my dreams, you poured their  
blood on me  
if i only knew your plans, i'd drink it happily  
i hate to be in love with you but put the blame on me  
you're innocent just like a gun, you love me  
dangerously  
your body seems to be unreal, your touch is like the  
sea  
and when i gaze upon your smile the devil grins at me  
but if i lost your gleaming look i'd lose the light in me  
as long as i can feel the pain i burn fantastically  
i hate to be in love with you but put the blame on me  
you're innocent just like a gun, you love me  
dangerously  
you brought the stars right down to me, you smashed  
them on the ground  
you ripped the moon out of its place and turned it  
upside down  
maybe you thought i'd take it cool but i feel like i'm  
cursed  
armed with the rapture of a fool i ruin my universe  
i hate to be in love with you but put the blame on me  
you're innocent just like a gun, you love me  
dangerously

..you carved the runes into my bones and signed them  
up for me  
i still don't know what's on your list and what's  
prepared for me...  
...for me  
...for me  
...for me
