hey mrs fields, why do you look so sad
is the whole world gone mad or is it still a strawberry-
cake
how i wish to kiss your sweet, sweet lips
to share your blissfulness
it made me feel like floating on a cloud
im talking to you soon
theres so much left to say
on a crystal winters day...
and the snowflakes outside show a million ways
show a million days in their dance
and the wind blows them on and carries them away
into anywhere from moment to moment
hey mrs grey, tell me what would you say
if i turned on the sun and poured all the colours down
on you
would you smile and say its alright
i can see the light at the end of the tunnel
and then wed face the sky, sitting side by side
going very far to a distant star...
and the snowflakes outside...
i can tell by the sound of your voice
and i can tell by the look of your eyes
there must be something goin wrong in your life
but please, please believe me, baby, im by your side
theres so much left to do, so much left to say in a
million ways
theres so much to be seen, so much to be touched, so
much to be loved
take my hand and come out to play ..
theres so much left to do
for me and for you...
theres so much to be loved
please, come back
dont walk into the dark
hey mrs fields, why do you look so sad
is the whole world gone mad or is it still a strawberry-
cake
how i wish to kiss your sweet, sweet lips
to share your blissfulness
it made me feel like living anew

im talking to you soon
theres so much to be done
when the winters gone...
and the snowflakes outside...
theres so much left to do, so much left to say in a
million ways
theres so much to be seen, so much to be touched, so
much to be loved
take my hand and come out to play...-acap
