Come on you people get your dancing shoes on
Reds and yellow and pinks and blues on
Too late, too late
To stay home and sit around

Purple leopard skin and see-through plastic
Whatever you want, but just make it drastic
Too late, too late
To stay home and sit around

Chorus:
What you wanna bet
We ain't started yet
Baby stick around
Baby stick around

Pushin' and shovin' and sweat wet leather
Up and down we go chained together
Too late, too late
To stay home and sit around

Somebody tellin' me the latest scandals
Somebody steppin' on my plastic sandals
Too late, too late
To stay home and sit around

Chorus

Too late, too late
To stay home and sit around

Chorus
