Chorus

Get it on, and get yourself ready  
Get it on, pump it up to the max  
Get it on, and get yourself ready  
We'll have a party like it's gonna be the last

It's hard to take when life is going wrong  
No good to fake and play like you don't care  
No time to waste, now set the record straight  
Gotta change your style before it's too late  
Come and take your chance, let's move it up and down  
Go out and dance, move all over the town  
Now feel the force it's gonna be a blast  
We'll have a party like it's gonna be the last

Everybody get up- up!  
Everybody get down- down!  
Everybody get wild- alright!  
Everybody scream- whouu!

It's here and now for you to feel the flow  
Let's start the show, it's time to let it go  
Don't break the law, don't need no kind of drugs  
To make you feel like you're stoned to the bones

Move it up, move it up- gotta way to take you higher  
Move it up, move it up- like an ACDC wire  
Move it up, move it up- gonna take you to the max  
We'll have a party like it's gonna be the last

1 2 3 4 here we here we go  
From house to pop from pop to hip hop  
We're gonna slam the funk like Jordan on a dunk  
Gonna kick it real hard till the end of the night  
Make you feel much higher, make you feel right  
Come on y'all you gotta move like us  
Cause me and my girlfriends are no young pop-fakers  
Diamonds in the house ans you know you can't break  
us  
Get it on
