You know you've gotta have soul sista' live free
You know you've got to live your life un-di-vi-ded-ly
You can only be whole baby with me
You live your life forever wanting to be happy

Livin' without me; Drivin' me crazy telling me maybe
you're in love with me baby

say we can work things out
did you already forget about
leadin' me on like a dog on a long, on a long chain

What's happenin' to ya; feels like I never knew ya
I'll be singin' BOOYA, all the way home
So complicated; so Irritated
We almost made it; you gotta do what you do

BRIDGE:

Should I maybe call ya later (call ya later)
You know I'll be your procrastinator
Does it feel right to you?
I'll leave if ya want me to
I wanna hear harmony but all I'm hearing is the melody
